Petites Frites: Classic Baby Accessories With A Bohemian Twist 0

Now here's a cute online shop that sells colorful and useful baby things. It's [Petites Frites](#), a California-based company that makes their products in the USA. The founders are a couple that left London to work on their business in the States. A pretty brave move but I think looking at their site, a good move.

Petites Frites is described as selling "classic baby accessories with a bohemian twist, locally produced with love right here in the USA."

I particular like **The Teether Blankie (\$38)**

It's 12" x 12" and made of two layers of their signature fabric. At each corner is a removable teether. I never had something like this and would have used it all the time.

Visit them at [petitesfrites.com](#) and check out their burp cloth and bib sets too. All are great gifts to give to new parents.
